Opinion editorials

1. “中国梦,亚洲痛?” (English version: China’s gain, Asian pain?), 8/4/2013, 南洋商报 (Nanyang Siang Pao).
2. “2012 财政预算案谜思” (English version: The myth of Budget 2012), Part 1 (20/10/2011), Part 2 (21/10/2011), Part 3 (23/10/2011), 南洋商报 (Nanyang Siang Pao).

Working papers

On macroeconomic interdependence

1. Value added trade and international shock transmission in a New Keynesian model of production fragmentation, *under review*, December 2012
Previously titled as When measure of trade in value added meets inspection of shock propagation in New Keynesian model. December 2012.
2. Rising China, Anxious Asia? A Bayesian New Keynesian View, *revised and resubmitted*.
Previously titled as Rising China, Anxious Asia? An empirical assessment in Bayesian-DSGE model with vertical and processing trade

On capital flow

3. Is capital flow growth spurring and impeding? An asymmetric causality view. April 2013.

On monetary policy and financial stability

4. The financial perils of inflation targeting and its savior. April 2013.

On optimal monetary policy

5. Optimal monetary policy coordination for open economies with production fragmentation and trade. Second version: May 2013.

On trade and the environment

6. Putting pollution haven hypothesis in the shoes of production fragmentation: A North-South dynamic general equilibrium model

On exchange rate pass-through

7. Disinflationary depreciation and low pass-through in Bayesian estimated small open-economy model with vertical production connectedness (with Y.-K., Eng)

On underground economy

8. Underground economy and permanent income hypothesis in nonlinear long memory perspective (with Y.-K., Eng., and Habibullah, M.S)
9. The unpleasant arithmetic of underground economy: what have we learned? (with Y.-K., Eng)
10. Unveiling the nature of underground economy in Southeast Asia. (with Y.-K., Eng)
11. Healing the Achilles's heel of monetary method in quantifying the underground economy: a dynamic general equilibrium perspective. (with Y.-K., Eng., and Habibullah, M.S)

Discussion

1. Wei, L. (2013). Estimating Taylor rule with serially correlated monetary policy shock at 17th International Conference on Macroeconomic Analysis and International Finance (ICMAIF).
2. Xu, Y., Green, C.J., (2009). A conditional asset pricing model with investor sentiment: evidence from Chinese stock markets at 3rd All China Economists (ACE) Conference.
3. Sheng, A., Kwek, K.T., Cho Cho, W., (2008). The rise of an Asian currency bloc: patterns of currency behaviour at 11th International Convention of East Asian Economic Association.

Professional services / Consultancy

1. Research fellow, MalaysianEconomy.net by Centre for Malaysian Chinese Research (大马华社研究中心).
-

Grants and Awards

1. MOSTI Science Fund on “Investigating pollution haven hypothesis in a model of production fragmentation and trade”, RM98357, 1/10/2013-31/3/2016.
 2. Fundamental Research Grant Scheme (FRGS), Ministry of Higher Education, Malaysia, RM25000 on “Betting on the rise of China: beneficial or detrimental to Malaysia?”, 01/04/2011-31/12/2012.
 3. 13th ZEW Summer Workshop for Young Economist, Euro 1500.
 4. 12th International Convention of East Asian Economic Association traveling subsidies, 25000 Japanese yen.
 5. 11th International Convention of East Asian Economic Association traveling subsidies, USD300.
 6. The American University of Paris (AUP) Scholarship for 10th Annual Meeting of Latin American and Caribbean Economic Association (LACEA), Euro 800.
 7. The Best 22 Papers Award, 1st Asian Finance Association Doctoral Colloquium.
-

Conference/Workshop presentation

- 2013:
